

THE 1980 DEUEL CONFERENCE ON LIPIDS

June 21, 1979

Dr. Robert C. Hockett
Research Director
The Council for Tobacco
Research---U.S.A., Inc.
110 East 59th Street
New York, NY 10022

Dear Dr. Hockett:

The 1980 Deuel Conference on Lipids will be held three days in March at Highlands Inn^{off} near Carmel, California. The program committee has announced the tentative program as follows:

A. Emerging Roles of Lipoproteins in Biology

Cell mediated immunity
Inhibition of viral infectivity
Antiprotozoal activity
Binding of endotoxins

B. Origin and Fate of High Density Lipoproteins

Intestinal origin of HDL
Hepatic origin of HDL
Interaction of HDL and cell membranes.

Because of past support from The Council for Tobacco Research for Deuel Conferences, we are informing you of the program for the coming conference and soliciting your support again for the 1980 Deuel Conference. As in the past, if you support the conference by a contribution of \$1000 or more, we invite you to choose two representatives of your organization who will participate in the conference.

For your information, we enclose a brief description of the Deuel Conference and a copy of last year's program.

We would appreciate your early decision. If your organization is able to support the conference, a check should be made payable to the 1980 Deuel Conference and sent to my attention at The Hormel Institute.

Sincerely,

Ralph T. Holman/hy CS

Ralph T. Holman, Chairman
Funding Committee
